Trail Day: 9 am – 4 pm

Cookout: 4 pm – 7 pm

Watauga Point Recreation Area

Hampton, TN

We will be dividing up into smaller groups to hit the trails around Watauga Point to tackle a variety of trail projects. Crew will use loppers, hand saws, pickmattocks, pulaskis, and other hand tools to work on drainage, deberming, and brushing. Bring a day pack, rain gear, lunch, and at least 2 liters/quarts of water. Durable, full-length pants and cut-resistant boots with ankle coverage are required. Hard hats, safety glasses, and gloves are required and will be provided. New volunteers are always welcome and our experienced staff leaders are happy to show you the ropes!

A day on the trail will be followed by an evening of games, crosscut demonstrations, and food. All are welcome!
